

OrthoCAD Digital Study Model On Hold Message

MUSIC

Great news! Getting braces just got a lot better! With the OrthoCAD 3D Digital Study Model, Dr. _____ reviews a patient case electronically from anywhere at anytime. And its easy transmission for consultation with other healthcare providers means more effective patient diagnosis and treatment planning. Ask if the OrthoCAD Digital Study Model can help you or a family member.

MUSIC

Did you know that our office uses a revolutionary new product called OrthoCAD Digital Study Model? OrthoCAD Digital Study Model uses advanced proprietary computerized technology to create a virtual replica of patient's teeth. Not only can a patient review their case on screen at the doctor's office, but the patient can go home with a hard copy of their virtual model to share with others. Ask if the OrthoCAD Digital Study Model is right for you or a family member.

MUSIC

Our office has just joined the Digi-dental revolution! With the patented OrthoCAD Digital Study Model, Dr. _____ can manipulate the patient's model in virtual space and collect data through a wide range of computer diagnostic tools, allowing a more effective analysis and treatment strategy. See if you or a family member qualifies for the OrthoCAD Digital Study Model.
